## 2013-08 August

---

Woodworker's Club Meeting  
Wednesday, August 21<sup>st</sup> @ 6:30 PM  
Woodworker's Shop, East Manito Rd., Pekin

**Wednesday's Program:** Jake Hagerdorn, the owner-manager of the Interstate Battery Center on Brandywine Dr. in Peoria will speak about the batteries commonly used in cordless tools. The past couple of years have brought along new battery types, new/different maintenance and care procedures and more. He plans to talk about the basics and changes to set the stage for a "Question & Answer" session.

**Meeting Agenda:** Mr. Hagerdorn will be our opening speaker. After the break, we will have our usual Show & Tell then a brief Business Meeting and finally, the ever popular, "Election Of Officers."

### June 19<sup>th</sup> Meeting Notes:

**Business Meeting:** Treasurer, Norm Bartlett reported that the CEFCU 06/08/13 statement shows a balance of \$1101.94 in savings and \$41.14 in checking with one outstanding check. Those figures agree with club records and there were no major bills outstanding.

**Gift Card & 50/50 Drawings:** The Woodworker's Shop \$35 Gift Card went to Mort Sill and Steve Miller won the 50/50 Drawing.

### Show & Tell:

**A.J. Gatzmeyer:** A.J. brought one each of the three sizes of post office boxes he rescued from the post office in his Nebraska home town. After giving the metal a good cleaning, he remounts the box in a "box" as shown here.

## 2013-08 August

---

**Vic McDonald:** Vic rummaged around in his scrap bin and found enough walnut, cherry, oak, aspen and maybe more to make this intarsia robin. Nice job, Vic.

### Featured Speaker:

Paul Cobb gave an excellent presentation on Stave Bowl Construction and Segmented Bowls From Flat Discs. He brought the pieces shown below as examples of what can be done with “stave” and “segmented” turning.

## 2013-08 August

---

Paul offered to download copies of an instruction document he uses for his classes in Arizona. There was a sign-up sheet on the table. If you didn't get one and would like one, please contact Paul ([rpcobb@mtco.com](mailto:rpcobb@mtco.com)) for the download.

We owe Paul a special thanks not only for his interesting and informative presentation but for bringing the seemingly impossible into the realm of something that just might be "attainable." Recall his concluding comment...."Segmented turning is a process. Follow the steps and it will work."

### **Election Of Officers:**

"Sharing the load." Serving as an officer in a little group like ours is an integral part of keeping it going. If you are interested, contact any of the current officers listed below. The election process is pretty basic. Nominations will be taken from the floor followed by a "show of hands" vote.

### **Peoria Area Woodworker's Club Contact Information:**
