

Woodworker's Club Meeting
Wednesday, August 16th @ 6:30 PM
The Woodworker's Shop, East Manito Rd., Pekin.

June 21st Meeting Notes: President, A. J. Gatzmeyer called the meeting of June 21st to order.

Business Meeting: Treasurer Norm Bartlett forwarded the CEFCU statement and has reported the sum of \$2,108.21 in the club's savings account and an additional \$59.51 in checking. And as usual, those figures reconciled with the CEFCU statement dated 6/10/2017.

Norm will update us on the July numbers at the August meeting

Drawings: Lester Ruckle was the lucky winner of the 50/50 drawing and Del and Janice Luedtke won the \$35 Woodworker's Store Gift Card. Our \$25 gift card for show and tell was won by Karl Nerstad. 35 members attended.

For the August meeting: As of this writing, we do not have a meeting agenda for the August meeting. We are looking for someone that would like to do a presentation on a method or methods they use in their work. If you are interested, please give me a call so we can discuss. 309-202-0971 Please note that I am on vacation this week so I may not take your call, so leave a message and I will call you back.

Oh, by the way, do you remember having to watch your brother in laws endless vacation slides back in the day??? That's what will happen if we don't come up with a volunteer!!

Officers for 2017-2018 were voted on and the new listing is on the last page.

June Meeting: Bill Wiese and the Keller Jig

Bill brought in his setup for using the Keller Jig for making dovetail joints and explained the features and benefits of this jig. Bill often makes multiples of the same project or item and uses two separate router tables to perform this task.

Once set up and the material is properly sized, this system makes relatively short work of these projects with uniform results.

Excellent presentation Bill!!

Les Linton: Les brought in the dust shoe he made using 1/2" cast acrylic to attach to his CNC to use with the semi-automatic dust collection system he is "slowly" putting together in his shop

Mark Salrin: Mark brought in a couple of the intarsia pieces he has been working on. Pretty nice work. This might be a program others would be interested in hearing about.

Karl Nerstad: Karl brought in photos of doll houses he has build. Kits have come from Hobby Lobby. Very nice finished pieces.

Bill Wiese: In addition to doing the program, Bill brought in a knock down shelving unit built for displaying products.

Tom Dougherty : Tom, having taken a Mark Adams class built a “shooting board” for use with hand planes.

As most are aware, a group of members headed for Des Moines in July to visit the Woodsmith Publishing Company. The group was given a tour that allowed all to get an understanding of how the magazine as well as the tv series is put together.

Additionally, a stop was made at the Woodsmith store allowing for many to reduce their bank accounts. A good time was had by all!!

Below are a few of the photos taken during the tour.

Don't forget, the three slabs that were left from a previous meeting will be raffled off at the August meeting. Tickets are \$5 each. All ticket sales will be going to the Crittenton Center this year in lieu of the club doing the Marigold Festival.

Even if you don't have an immediate use for the slabs, remember it is for the kids. \$5 probably won't hurt you, but will surely help them.

Note: Dog is for proportional evaluation only. Not included in the raffle.
