March Meeting:

At this writing, a meeting agenda has not been determined. If you would like to show a how-to method or other woodworking related information let Khaled or myself know. Contact information is at the bottom of the newsletter. Thanks

We had no agenda for the meeting, so a YouTube video was shown on some “unique” tips and tricks for the woodworking shop. The presentation style was unique to say the least...

Vic McDonald

Vic brought in a very intricate 3-dimensional Christmas nativity scene.

Vic McDonald

Vic used what was basically scrap material to scroll saw the unique steam locomotive

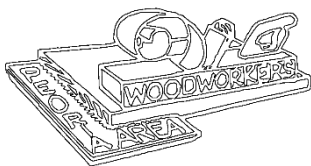

Show

And Tell

John Freimuth & Son

John and his son brought in a team Sputnik project. John built the base from Walnut and his son used a 3D printer to make the rest of the parts.

Brian Berchtold

Brian brought in a pair of small clocks he and his son built many years ago as father son projects for Christmas gifts.

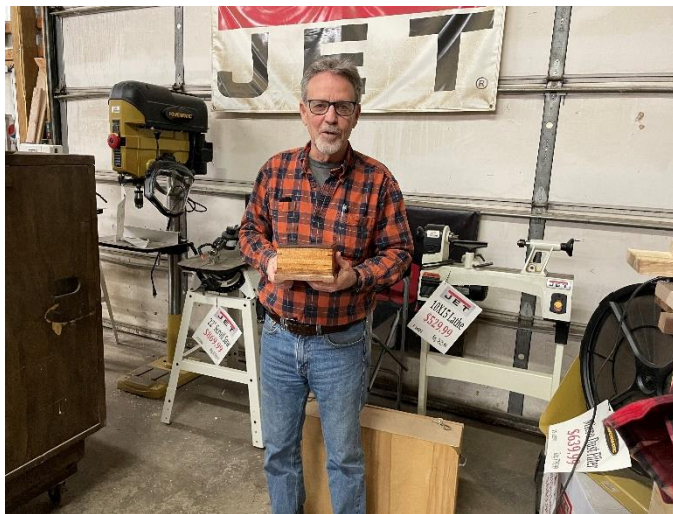

Les Linton

Les brought in an LED lit sign he made to hang on his camper using his laser to engrave the mirror and table saw to make the frame.

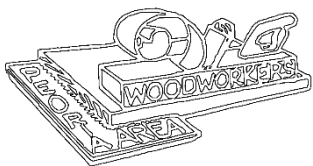

Les Linton

Les also brought a small pet cremation box made from left over Brazilian Koa flooring.

Show

And Tell

Norm Bartlett

Norm brought in a Saluki made from a pattern he traced off an original.

Carl Miller

Carl showed an adjustable finger joint jig that he built for making finger joint boxes and has used it many times.

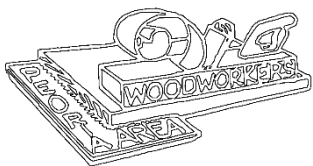

Russ Marie

Russ, doing a little bartering is using a live edge slab to make a very cool sign to hang outside. Attention to detail indeed.
