John Freimuth

John brought in a couple of his fathers setup fixtures for a double mortis and tenon joint

Khaled Mohammad

Khaled drew one of the more complicated joints. A double haunched mortis and tenon. A lot of work but a pretty good job.

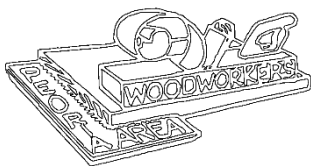

Les Linton

Les had a choice of several tenon joints and brought in a wedged through tenon.

Show

And Tell

Russ Marie

While not a Russ favorite, Russ brought in a good looking breadboard edge and explained the pros and cons of using the method.

Bill Frerking Jr

Bill brought in a half blind box joint and a 3 way miter... I'm guessing he and Khaled would be tied for most complex joints. Both did an awesome job!!

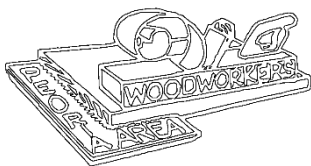

Dan Withrow

Dan drew a spline joint and after putting it together had to make a new spline because he broke it. Dan also brought in a hold down clamp he made.

Show

And Tell

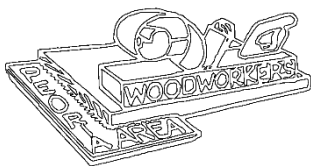

Carl Miller

Carl did half lap joints. While they look pretty simple there is some serious setup to get bot pieces to come together flush.
