## Peoria Area Woodworker's Club Meeting

Wednesday, November 17<sup>th</sup> @ 6:30

The Woodworker's Shop on Manito Rd., Pekin

### Wednesday's Evening's Program

**Torsion Boxes:** Bill Webster knows torsion boxes. Expect an interesting and informative discussion of the basic applications and construction fundamentals.

### Notes From The October Meeting

**Business Meeting:** Treasurer, Norm Bartlett reported a balance of \$1,594.64 in the club's CEFCU savings account plus \$60.62 in checking. As expected, Norm's figures agree with those on the CEFCU statement.

The annual collection of club dues is nearing completion. Members can still contribute at the meeting or mail their \$20 to **Norm Bartlett, 1017 S. Maxwell Rd., Peoria, IL 61607.**

**Drawings:** Guess who's name came out of the can for the \$35 Woodworker's Shop Gift Card and yes, Norm was present and he did win...hence the picture.

The \$25 Show & Tell Participation prize went to Jason Clayton and D. Moore won the 50/50 drawing.

## Show & Tell

**Carl Miller:** Carl dusted off his scroll saw to make some really special Christmas ornaments for family and friends.

**Gene Lair:** Good to see Gene again. While cloistered in, he made this fine cabinet from some available mulberry.

**John Freimuth:** John & Carol picked up this walnut table at the Moss Avenue neighborhood yard sale. It has a turned top and a

segmented turned base accented with a bit of “iron wood” in the pedestal.  
More than interesting.

**Les Linton:** The guitar picture will be a Christmas present for his son. It's basically laser cut from ten layers of 1/8" baltic birch. Quite a stretch from simple to complex.

**Jason Clayton:** Jason made this animal train pull toy. An end-to-end cord keeps all the critters in line. Always fun for the little guys.

**Bill Frerking:** In 2008 Bill turned this segmented bowl and stand to be the baptismal font at the Christ Alive church in Kickapoo. Now the church is closing and the font made it's way back to Bill.

**Dan Withrow:** Dan is getting into turning. He took advantage of a session with Jason of the Woodworker's Shop for the basics so now he's off to the races.

**My apologies to Vic McDonald and Bill Weise for missing the chance to get pictures. Perhaps we can make it up in the next newsletter.**

**After having spent better than a week correcting a failed glue up, I want to express my thank you and appreciation to Russ Marie for the program he did for us at our October meeting.**
